This week, the children in Year 3 went on a visit to Shropshire Hills Discovery Centre to experience Stone Age themed activities. The children took part in cave painting, spear throwing and making fire sticks- in true Stone Age style. Some of the children proved to be expert spear throwers! In the afternoon, the children looked around the museum and saw a life size replica of a Woolly Mammoth skeleton. The children asked and answered questions about how Shropshire would have looked during the Stone Age compared to how it looks now. As always, the children were excellent ambassadors for the school and impressed leaders of the Discovery Centre with their knowledge of the Stone Age Era.
